IMPORTANT: Please read the following instructions carefully before completing product details (If you are requesting a renewal only this section does not need to be completed).

DESCRIPTION

Please include the name of each biological product, micro-organism or cell culture (including Latin binomial/ strain/ genotype/ common name etc). If specific catalogues (including websites and product lists) are being used in the 'description', include a completed [Declaration for potential risk goods in catalogues](#)

DETAILS

Please include sufficient information for risk assessment; including species and country(ies) of origin, manufacturing methods (commercial/non-commercial), viability (live/dead), organic (microbial, animal and plant) components.

PURPOSE OF IMPORT

Please be specific, for example; chemical analysis, micro-organism isolation, virus propagation, vaccine production etc. 'Research' is not a sufficient description.

Description	Details	Purpose of Import	Shipped From

Please only complete the following section if you are importing **live** micro-organisms and/or cell cultures:

Micro-organism and/or Cell Culture Status Not required for non-viable biological products

Does your request cover any of the following as defined by the 'Hazardous Substances & New Organisms Act'?

- an organism belonging to a species that was not present in New Zealand immediately before 29 July 1998:
- an organism belonging to a species, subspecies, infrasubspecies, variety, strain, or cultivar prescribed as a risk species, where that organism was not present in New Zealand at the time of promulgation of the relevant regulation:
- an organism for which a containment approval has been given under this Act:
- an organism for which a conditional release approval has been given:
- a qualifying organism approved for release with controls:
- a genetically modified organism:
- an organism that belongs to a species, subspecies, infrasubspecies, variety, strain, or cultivar that has been eradicated from New Zealand

Yes	Please attach the Environmental Protection Authority decision document to this application. These documents can be downloaded using the register search at the above link. Should you wish for more information contact noinfo@epa.govt.nz
No	I certify that there are no new organisms, including genetically modified organisms, in the above or attached product description details

If animals are to be exposed to any product or organism in New Zealand then you must also provide proof of approval from your local Animal Ethics Committee.
