

MPI Animal Exports Team are aware of issues with these particular Overseas Market Access Requirements (OMARS), however exports may be possible.

If you are planning an export with one of these OMARS please contact MPI Animal Exports team to discuss the implications of the requirements as soon as possible.

Overseas Market Access Requirements Notification - Animal Products Act 1999

Regulation & Assurance Branch, Animal and Animal Products Directorate, Ministry for Primary Industries

Ref: AE-MX-05L

Date: 5 May 2015

BOVANIEC.MX 8 May 2015 – BREEDING CATTLE TO MEXICO

1. Statutory authority

Pursuant to section 60, section 60A, section 62(1) and section 167 of the Animal Products Act 1999 I notify the following:

(i) the issue under section 60 of the export requirements for BREEDING CATTLE TO MEXICO BOVANIEC.MX 8 May 2015;

(ii) the revocation of OMAR B BOVANIEC.MEX 07.06.11 – BREEDING CATTLE TO MEXICO;

(iii) the determination under section 62(1) of the format and content of the official assurance for breeding cattle to Mexico.

This notice takes effect from the 8th of May 2015.

Dated at Wellington this 8th day of May 2015.

Signed: Howard Pharo
Manager Imports & Exports Animals
Animal & Animal Products Directorate
Regulation & Assurance Branch
(acting under delegated authority)

2. Mexico requirements

Breeding cattle exported from New Zealand to Mexico must be accompanied by an official assurance in the form of a completed zoosanitary certificate.

The zoosanitary certificate as specified below must be completed and certified, after due enquiry, by an Official Veterinarian of the Ministry for Primary Industries.

Explanatory note:

If the zoosanitary certificate is not certified then the breeding cattle do not satisfy the conditions in the notice. Likewise, if the breeding cattle do not satisfy the zoosanitary requirements in the certificate, then the certificate will not be certified.

NB: The Official Veterinarian must sign, date and stamp each page of the veterinary certificate using a different colour ink to the paper and the print, and, where applicable, sign, date and stamp each page of the documents (e.g. laboratory reports) that form part of the extended health certification.

EXPORT CERTIFICATION

(This is not part of the official certification)

COMMODITY: CATTLE

COUNTRY: MEXICO

NOTES: This export certificate is based on import conditions received from Mexico in March 2014 and replaces the previous certificate dated 07.06.11. The certificate was approved for use by Mexico on 22 April 2015 for use with the export of breeding cattle to Mexico between April and July 2015.

1. No Import Permit is required.
2. Clause 2.3: Strikeout any of the complete sub-points that do not apply to cattle in the consignment. A schedule should be used to identify which sub-point applies to each individual animal if different individual animals in the same consignment comply with different sub-points.
3. Mexico may send Official Veterinarians to New Zealand to inspect the cattle prior to export at the cost of the exporter.
4. The importer must notify the General Directorate for Animal and Plant Health Inspection about the importation thirty (30) days before the shipping date.
5. The consignment must enter Mexico through one of the following points of entry: Ensenada, Guaymas, Manzanillo.

Section 61A of the Animal Products Act 1999 states that 'The Crown is not liable, and nor is the Director-General or any employee of the Ministry liable, for any loss arising through the refusal or failure of the relevant authority of an overseas market to admit export animal material or animal product to that market'.
